WINNICA TURNAU ROSE 2025

WINE DESCRIPTION

A wine made from locally grown grapes, offering aromas reminiscent of redcurrant and strawberry. On the palate, blueberry notes combine with a refreshing grapefruit finish. Matured and produced at the family-owned Turnau Vineyard.

WINE AROMAS

redcurrant, strawberry

TASTE OF WINE

blueberry, apple, grapefruit

FOODPAIRING

aperitif, fish, poultry, seafood, sushi, Asian cuisine, salads, barbecue/grilled dishes

WINE PARAMETERS

residual sugar: 10,1 g/l **acidity:** 7 g/l **alcohol content:** 11,5%

GRAPE VARIETIES

50% rondo, 50% regent

VINIFICATION

Fermentation and ageing in stainless steel tanks.

AWARDS (ALL YEARS)

POLISH CORKS 2025 - SILVER
POLISH CORKS 2024 - GOLD
POLISH CORKS 2023 - GOLD

TERROIR

Winnica Turnau is located in Baniewice, in the southwestern part of the West Pomeranian Voivodeship. This unique region is influenced by air masses from the Atlantic Ocean and the Baltic Sea, as well as the proximity of the Oder River. All these factors shape a climate characterized by a long growing season, warm summers, and mild winters. Such conditions favor the cultivation of demanding grape varieties, allowing them to reach optimal ripeness while maintaining high acidity. Our region is distinguished by a rich network of oxbow lakes, gently rolling moraine hills, and an abundance of flora and fauna. The vineyard is situated on a moraine hill, where the predominant soils are sandy-clay, clay, moderately compact, and moderately permeable. This terroir, combined with ecological viticulture, results in grapes of exceptionally high quality.

WEATHER DURING THE GROWING PERIOD

The winter of 2024/2025 was mild, with only limited snowfall. Spring was dry, and the lack of water at this stage was not favourable for vine development. In April, frost events lasting more than a week brought temperatures down to −6°C, resulting in reduced yields later in the season. May was cool and did not support vigorous vine growth. Flowering began in early June. July was exceptionally hot, while heavy rainfall persisted through the first half of August.
